**CHRISTINE MCNULTY
KINDERGARTEN TEACHER
DONOVAN ES**

Christine McNulty earned her undergraduate degree in Early Childhood Education and Communications with a concentration in Dance. She later earned a Master's Degree in Early Childhood Education from Bridgewater State College.

Ms. McNulty started teaching for Randolph Public Schools 16 years ago and currently teaches Kindergarten in the inclusion class at the Donovan ES. Prior to becoming an Early Childhood Educator, she enjoyed being a dance teacher.

During her free time, Ms. McNulty enjoys traveling with her family and watching her two sons, Daniel and Mikey, play sports.

Thank you, Ms. McNulty, for your dedicated years of service in the Randolph Public Schools district, and for your demonstrated passion for teaching our children.

**HOLLY DZUBUR
KINDERGARTEN PARAPROFESSIONAL
DONOVAN ES**

Holly Dzubur grew up in CT. She attended Salve Regina University in Newport, RI where she studied Psychology and Biology. Upon graduation, she started working at The Boston Higashi School in Randolph. Ms. Dzubur taught children with Autism Spectrum Disorder for 6 years while also earning her Master's Degree in Special Education at Bridgewater State University. She moved to Virginia Beach, VA where she taught high school SPED students with Autism Spectrum Disorder for 2 years. In 2009, Ms. Dzubur and her husband had the amazing opportunity to move to Croatia where they opened their own business for 3 years. While living abroad their son was born, and they decided to return to the U.S. when he was a year and a half old. She feels lucky to have been a stay at home mom for 6 years, enjoying precious moments with her son. In January 2017, she returned to the workforce and was fortunate enough to take on the role as a Kindergarten Para-professional at the Donovan ES. In her words, *"I absolutely love my job! These children fill my soul with so much happiness and love. They put a big smile on my face every day. To have the opportunity to build relationships with my students and watch them grow and develop their minds is truly an amazing experience."* Ms. Dzubur, your words are a testament of your love for teaching our children. We are grateful to have you.
